

(**MANCHESTER, CT** – November 14, 2006) – SpectoWise, Inc., a leading provider of sophisticated enterprise-level business intelligence reporting solutions for the Fortune 1000 announced today that Kerry Sabella, a highly accomplished business and information manager with over 25 years experience in strategic planning, business management and sales support focused in the insurance industry, has joined the company's Advisory Board.

Mr. Sabella has enjoyed a diverse career working for, and providing services to, leading companies such as: ACE Insurance, CIGNA Healthcare, Computer Associates, Penn-America Insurance, Qwest Communications, The Travelers Insurance Company, TyMetrix Inc, and several Internet start up companies focused in the B2B marketplace.

Mr. Sabella enjoys a wide range of practical hands-on experience in implementing and supporting Internet based business solutions, data modeling, programming methodologies, project management and leading outside vendor evaluation and selecting projects. He is a talented problem solver and experienced in running facilitation sessions to review, resolve and drive complex technical and business problems towards a logical conclusion.

Mr. Sabella attended Assumption College in Worcester, Massachusetts, and often volunteers his time for various charitable organizations. He most recently spent several weeks in 2006 helping to rebuild homes destroyed by Hurricane Katrina.

"We very much appreciate Kerry's volunteering to join our Advisory Board," commented Peter Szymonik, President of SpectoWise. "Kerry has first hand knowledge and experience of the Fortune 1000 marketplace and knows what executives are looking for from their technology partners. We thank Kerry for joining our group of advisors and appreciate his assistance in helping us to properly position SpectoWise in the marketplace as we get ready to launch our second set of next-generation, enterprise-level reporting solutions towards at the end of this year and into 2007."
